*For Making Their Dream a Reality*

NEWSLETTER SPRING 2020

A new sign for the farm and our supervisor.

Our new class of graduates.

One of the men in our Sr. Outreach turned 100.  
We gave him his first ever birthday party.

Our former student and the first to come to school who could not walk. Angie raised the funds to buy her a customized scooter. This gives her the independence she has never known.

I had the privilege to baptize these former Buddhist in the river.

First church service at the new Harvest Church Kalaymyo.  
Our newest addition to ministry.

Groundbreaking day for the Legacy Learning Center.

Working very hard on the foundation of the new building.  
It will be the new home for the sewing school.

We are so thankful to everyone who made it possible for us to complete Angie's House. It was an amazing year as we watched God work. We officially moved the kids into their new home on Christmas Day. They were speechless! For the first time in their lives they have their own home, a yard to play, bunk beds with mattresses, and a soccer field with metal goals. For NuLin, our director, it was the first time in her life to have her own room with a door. They will also be able to grow their own vegetables in their new garden area.

The new showers and toilet facilities are incredible – much needed and a huge blessing. They got a real workout during our building dedication service, which was attended by 300 people from the community. Everyone was very welcoming and treated to a barbecue meal. It was truly a good celebration after several months of hard work.

We are pleased to share our newest development in Myanmar and ministry – the start of our Harvest Church network. We now have three churches established in three areas, with over 700 members. God's goodness is quite remarkable. We knew there was one major piece needed in our family of ministries and this was it. Going forward, our Harvest Churches will be instrumental in advancing our students from The School of the Harvesters. Their focus will be evangelism and church planting. We are off to a great start!

The ladies from the Poy A Mah Sewing school graduated in front of a packed house after completing their yearlong course in sewing, money management, and business principles. There were many family and community leaders in attendance. Beginning January 1, 2020, we renamed the sewing school – The Legacy Learning Center – to coincide with its new home on The Legacy Campus. We will be teaching multiple trades at the facility and we are looking forward to its completion.

**LEGACY**  
••LEARNING CENTER••

In 2018, we were able to purchase and pay for our campus land. In 2019, we completed Angie's House, including the toilet and shower facility. We serve an Amazing God, but we have the best partners ever! You have blessed the people of Myanmar and given toward the tools needed to train and disciple those we serve. Now, in 2020, we have started construction of The Legacy Learning Center. **At three stories and 7,500 square feet, we can build the facility for \$24 per square foot.** This is an incredible price and extremely affordable. The good news is we are already **more than a quarter of the way completed.** We know from this building, The Legacy Learning Center, we will change lives in a country that is 94% Buddhist and needs the Gospel. From "The Legacy Learning Center", we will change the nation of Myanmar and beyond its borders, making disciples and raising up laborers for this great Harvest! Will you join with us? Your gift is what makes this a reality.
